Heylman, who has been a resident of Marlinton the past two years, has moved to Weston. Miss Mary Gold McNeel, of Millpoint, is in Marlinton at the home of her brother, T. S. McNeel. The venerable Henry Sheets was in Marlinton this week. This was his first ride on the train since the war. Pat Hamilton, working on O'Connell's drive, was seriously hurt by a log rolling on his foot last week. Eggs for hatching: Thoroughbred Black Langhans, the general utility fowl. Apply to R. M. Beard, Marlinton, W. Va. The Texas Legislature is considering a bill which allows railroads to furnish passes to State officials. That's the first Republican symptom Texas has displayed. Beginning Monday, March 20, I will for thirty days make thirteen Cabinet Photographs for \$2.50. W. A. SLAVIN, Photographer. Lost—Between Edray and my place at Buckeye, a pair of saddle pockets, Tuesday night, March 14, 1905. Suitable reward. W. McCLENTIC, Buckeye, W. Va. The Marlinton Orchestra gave a musical entertainment at the Court House Wednesday night. The crowd was good, but not so large as could be desired. The proceeds go to the two churches. Another musical will be given next month. L. M. McClellin has returned from Charleston, where he was in attendance on the Supreme Court of Appeals. The case of Campbell vs. Beard, growing out of the sale of timber land on Williams river, was argued and submitted. C. A. Yeager sold a very fine tract of timber land on Stony Creek to C. W. Smith, of Floyd, Pennsylvania. The tract formerly belonged to E. M. Arbogast. Mr. Yeager also sold some timber for Zane B. Grimes to the Pocahontas Timber Company. A meeting of the executive committee of the Pocahontas Musical Association is hereby called to meet at the court house on the first day of April court to decide upon the place of holding the spring session of the association. A. M. OLIVER, President. Miss Mabel Moore has commenced her music class in Marlinton with a goodly number of pupils. Miss Moore has exceptional talent, has been trained in one of the best conservatories in the South, and her personality inspires the success which her conscientious endeavors for the advancement of her scholars so richly deserve. The Campbell Lumber Company have begun sawing and shipping spruce from the Marlinton mill. They have three large Climax engines on their railway and have put in a lot of spruce logs in the dam above the mill. This is one of the biggest mills in the State and supports a good-sized village north of Marlinton. The election submitting the question of establishing the independent school district of Marlinton will be submitted to the vote of the people of Edray District on the first Tuesday in May. The object of the bill is to provide for better schools for a longer term. The present school facilities of Marlinton are poor and tend to keep away from the town many families that otherwise would settle here. Card of Thanks. Editor Times: We desire through your paper to thank the good people of Clawson community for the sympathetic help shown us in the recent accident and death of our beloved husband and brother. If any of these dear people should be caught among strangers and called away we pray that they may be thrown among just such kind people. May God's richest blessing be on them all. MAGGIE CROWLEY, J. C. CROWLEY.

SAWMILL MAN KILLED.

F. H. Crowley, at Griffith & Young's Mill, Fatally Injured. F. H. Crowley, working at Griffith & Young's sawmill at August siding, was fatally injured by being struck in the stomach by a piece of board Tuesday morning, inflicting internal injuries from which he died in a few hours. He was running the edger and a board getting caught in the saws Crowley was 'kicked' by it with great force as it rebounded from the saws. Crowley was a man of about thirty-eight years of age and leaves a wife and five children of tender age. He was a native of Highland county, but has lived in West Virginia a number of years and was a sawmill man of long experience. Interment took place at the Friel graveyard in the presence of a large crowd. The obsequies were conducted by Rev. Dr. W. T. Price. Too much praise cannot be accorded to General Superintendent McEwen, Head Sawyer Dooty and Section Manager Meadows for the untiring and well-arranged efforts to relieve the suffering man and afterwards show respect for the remains. Match Game of Box Ball. The town of Renick played the town of Marlinton last Saturday and the visitors were out-bowled by the home people. Marlinton won four games out of the five played. A return match will be played at Renick next Tuesday, March 21st. The score by games was: First game: Renick, 753; Marlinton, 796. Second game: Renick, 773; Marlinton, 692. Va., Jonathan Eford Jacobs and Miss Maggie Stella Callison were joined in holy matrimony, Rev. Wm. T. Price, D. D., officiating minister. The groom is a native of Boyd county, Kentucky, but for some time past a resident of Renick, W. Va., and is an industrious mechanic with good prospects. The bride is a daughter of Mr. Elisha Callison, near Beard station, lower Levels of Pocahontas county, and a grand-daughter of the late Dr. Callison, of Frankford, W. Va., and is a very prepossessing young person. The parties took the evening train for Greenbrier, and may all that a propitious marriage implies be allotted these young people in their new relations. Elkins, after having passed through a year without saloons, voted for license last week, the wet people carrying every ward. The suppression of the liquor traffic is impossible, and when the demoralizing influences that the breaking of laws entails it seems that there is no place to fly for relief. In our county these sores exist and no sooner is one place closed than another supplies the drink. Just now the express company offices are the dispensaries for this county, and every day immense quantities of spirits are distributed among the users of spirituous liquors in this county. The kind is of the strongest known to the human system and is bought in bulk. The Housekeeper's Best Friend. A strictly high grade, unsurpassed for convenience and construction, Kitchen Cabinet. An Unlucky Day.

Tuesday, on Cheat Mountain, the train of the West Virginia Spruce Lumber Company was coming down the mountain with a load of logs and some box cars. A number of Italians were taking a free ride on the pilot of the locomotive. The engine ran into some flats on the track with considerable force. One of the Italians was caught and his foot crushed so badly that it required amputation, which was performed at the Pocahontas Hospital at Cass by Drs. Arbuckle and Randolph. On the same day a collision occurred on the west side of the mountain between trains No. 2 and No. 3 on a short curve. The engineer of the engine on No. 2 had his back hurt. Shortly after a steam loader got loose and jammed into the wreck. The trains were disentangled and got under way in a few hours. On the same day a breakdown occurred in the mill at Cass. Altogether it was an unlucky day for the operations of this company, which generally move with the precision of clock work. Academy. Mrs. E. I. Holt has taken her son, Grady, to Baltimore to have his eyes operated on. E. H. Moore spent Sunday with his family here. Mrs. George Clark spent Sunday with her son, Forrest, in Roncoverte. Sydenstricker and Paul Smith spent Sunday with their parents here. Miss Alice Clark, who is teaching at Hosterman, spent Sunday at home. The music class, under the management of Miss Stulting, is doing excellent work this winter. Mrs. William McClure, who has been at the hospital for quite a while, has returned much improved. Miss Minnie Eskridge is visiting friends at Cass. Mrs. Thomas Callison died at her home at Locust on Saturday, March 4, 1905. Her departure was attended by all the consoling evidence that affords peace and comfort to those who believe that Jesus Christ has died and rose again and those that sleep in Jesus God will bring with Him. John McLaughlin was calling on the merchants and the fair sex here last week. We understand through friends that Mrs. S. J. Sharp's two little daughters are very sick at their home in Wyoming. We have good markets here for everything but cabbage. No more dear old sour kront, unless we eat the snake. The public school closed March 3rd with the most successful term we have had for years. Prof. Thomas Kibler, principal, assisted by Mrs. Verdie B. Mann and Miss Florence Jackson. The spring term opened Monday with 55 pupils. Mrs. Mann will assist Prof. Kibler. We are glad Mrs. Mann decided to teach on. Miss Florence Jackson is now teaching at Stony Bottom. We wish her much success. Mt. Tabor. Mud and rain in abundance the past week. Fine flood for the O'Connell drive. Ira Moore and Amos McCarty started for the drive Tuesday. Mrs. W. L. Shrader will soon move to the Gum house owned by R. C. Shrader. Elbert McCarty left Monday in company with J. H. and Linn McCarty to visit friends and relatives at Lobelia. Heverly Dilley was viewing the site of the old tannery some days ago, seriously thinking of engaging in the business soon. J. B. Shrader expects to work for the Campbell Lumber Company. Cliff Sampson is thinking of going to Cheat to work in the lumber camps. Ed Fenwick and wife were visitors at J. H. Sampson's Sunday. Bliss Shrader and wife were pleasant callers at J. W. McCarty's on Sunday last. A. C. Moore has lost several sheep during the hard winter.

Cutting Scrape at Durbin.

Charles Meverly and Grover Armstrong indulged in a little fight at Durbin Tuesday and drew some blood. Armstrong had a gun too many and was raffling it off. Meverly, who is from Virginia and a mail carrier, drew the lucky number but did not know it. The lot was cast, and Armstrong finding that Meverly was the winner set about to buy the chance at a small advance over the original cost. Meverly bit, but when he found he had been played for a sucker he went after his man. The move was ill-advised, as Armstrong was a man far superior in physical power. In the scarp Armstrong was touched on the arm a number of times with a common pocket blade. The blood got his nerve and he had to say it. A warrant was sworn out for Meverly, who was placed under arrest. He was taken over to Durbin proper, but before a hearing by a justice could be had he gave the officer the slip, made a run for his liberty, splashed through Greenbrier river to his armpits and escaped into the solitudes of the Alleghanies and across the State line. Lobelia. Spring is in sight once more. The ground hog is out. Our school closed Friday night with a spelling match. T. A. Bruffey, teacher. The health of the community is good. Some sugar has been made here that we will put against New Haven, Connecticut, sugar, where they make it for a business. Prof. Grimes brought some samples to W. B. Hill, who is supposed to know a good thing when he sees it, and he says it cannot be beaten anywhere. We have two stores now. The longest pole gets the most possums. The new store is known as the Farmer's Friend, in the postoffice building. While L. C. McMillion was hauling hay last week, sled, team, hay and McMillion all went over the bank to the bottom of the hill, but no serious damage done. Possibly a few ribs cracked. The Clutter boys have killed twenty skunks and say they are going to bring in some more. W. B. Hill is the fur buyer and has some beauties on hand. The Lobelia Hunting Club has killed six gray foxes and two wild cats and run some more until they were so stiff they had to stand up to sleep. There will be a public sale at the Warwick place on Chestnut Flat Saturday, March 18th. Five stacks of good timothy hay is the principal item. W. B. Hill has killed 25 bears, 50 deer, about 1,000 wild turkeys and then shot his foot. Notice. All persons knowing themselves indebted to me will please come forward and settle, and all holding accounts against me will also please send in their bills, as I am now closing my business at this place with the view of leaving the county and State on or before April 1st, 1905. Your prompt attention is respectfully asked. SAMUEL COOPER, m16-4t Case, W. Va. Timber Lands and Farms. We have inquiries for good timber lands and for farms. Parties having either for sale we will handle them on a reasonable commission and deal with you honestly. C. A. YEAGER & Co., m16-4t Marlinton, W. Va. Beginning Monday, March 20, I will for thirty days make thirteen Cabinet Photographs for \$2.50. W. A. SLAVIN, Photographer.
